

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

GENERAL TIMETABLE (3rd July 2024)

Tuesday 2th July	8:00	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30---			17:00-18:00	18:00 - 21:00
Location: Faculty of Law & Historical Building	8:00 Accreditation	Early Research Workshop	Coffee Break and Poster Sessions	Early Research Workshop	12:00 Special parallel activity: Setha Low, at Club of Rome, Palau Macaya	Free time			Accreditation UB-Historical Building	Opening Ceremony. <i>Keynote Speaker - Hartmut Günther.</i> Welcome Cocktail
	8:30 -9:00 Welcome			Parallel Paper Sessions	Parallel Paper Sessions					
Wednesday 3th July	8:30	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30-14:30	14:30-16:00	16:00-16:30	16:30-18:00	18:00---
Location: Faculty of Law	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	Symposiums	<i>Keynote speaker – Setha Low</i>	Lunch	Parallel Paper Sessions	Coffee Break and Poster Sessions	Special Activities	Outdoor activities
Thursday 4th July	8:30	9:00-10:30	10:30-11:00	11:00-12:30	12:30-13:30	13:30-14:30	14:30-16:00	16:00-16:30	16:30-18:00	18:00---
Location: Faculty of Law	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	Symposiums	<i>Keynote speaker – Si-Min Bian</i>	Lunch	Parallel Paper Sessions	Coffee Break and Poster Sessions	Special Activities	Outdoor activities 21:00 Official Dinner & Hall of Fame
Friday 5th July	8:30	9:00-10:00	10:00-10:30	10:30-11:30	11:30-12:30	12:30-13:30			13:30	
Location: Faculty of Law and City Center	Accreditation	Parallel Paper Sessions	Coffee Break and Poster Sessions	<i>Keynote speaker – Antonio Turiel</i>	IAPS Annual General Meeting	Closing Ceremony. <i>Keynote Speaker – Tim Creswell</i>			Farewell Brunch	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

GENERAL TIMETABLE

TUESDAY 2TH JULY				
<p>Plenary Session 1: “Tracing the Historical Trajectory of People-Environment Studies from the XIX Century to the Present” by Hartmunt Günther, Psychologist. University of Brasilia Universitat de Barcelona, Historic Building, 1^o Floor, Paranimf, 18:00h</p>				
	9:00-10:30	11:00-12:30	12:30-13:30	18:00-21:00
Location	PARALLEL PAPER SESSIONS / IAPS ECRW	PARALLEL PAPER SESSIONS / IAPS ECRW	NETWORK MEETINGS (N.M.)	OPENING CEREMONY Paranimf-UB, Historic Building
Aula 5	1.1. Climate Change and sustainability - Changing human behavior (A)	1.1. Climate Change and sustainability - Changing human behavior (B)	N.M. Children, Youth and Environments. Coordinator: Märít Jansson. Aula AD-305	<p>Welcome address (UB): <i>Dr. Joan Guàrdia-Olmos, Rector of University of Barcelona (UB)</i></p> <p>Conference Presentation: <i>Enric Pol & Angela Castrechini, 28th IAPS Conference Organizing Committee</i></p> <p>Welcome address (IAPS): <i>Adina Dumitru – IAPS President. International Association of People-Environment Studies</i></p> <p>Plenary Session 1: Inaugural keynote: “Tracing the Historical Trajectory of People-Environment Studies from the XIX Century to the Present” by Hartmunt Günther, University of Brasilia</p> <p>Closing the session: <i>Mrs. Anna Barnadas, Climate Action Secretariat, Department of Climate Action, Food and Rural Agenda, Catalan Government.</i></p> <p>Cocktail Reception: <i>Historic University Garden</i></p>
Aula 6	2.1. Restoration and health	2.14. Environmental Impacts on Well-being and Health	N.M. Sustainability. Coordinator: Ricardo García-Mira. Aula D-306	
Aula 8	2.13. Urban and building design and uses	3.2. Collective action, environmental volunteering and education	N.M. Qualitative Research Methods. Coordinator: Eleanor Ratcliffe. Aula D-309	
Aula 9	3.1. Citizenship, social movements and environmental activism	4.2. Gentrification, touristification and urban transformations	N.M. Restorative Environments. Coordinator: Robert van Dongen. Aula D-310.	
Aula D-206	4.1. Place attachment and place identity	6.4. New technologies communication, virtual spaces & AI	N.M. ECRW - Meeting. Coordinator: Ting Ting Chen. Aula D-404. 4 Jul. 16:30-18:00	
Aula D-303	5.1. Wayfinding and accessibility	Special Workshop: Cartooneering & Living Gallery Session. Marilisa Herchet		
Aula D-401	IAPS ECRW-1	IAPS ECRW-1		
Aula D-402	IAPS ECRW-2	IAPS ECRW-2		
Seminari D-404			IAPS ECRW – Mentors Meeting	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

GENERAL TIMETABLE

WEDNESDAY 3TH JULY				
Plenary Session 2: "Why Does Public Space Matter? Exploring a Social Justice Framework for Evaluation and Design" by Prof. Setha Low, Anthropologist. Public Space Research Group at The Graduate Center, City University of New York (CUNY) University of Barcelona, Faculty of Law, Aula Magna, 12:30h – Streaming Classrooms 15A y 15B				
	9:00-10:30	11:00-12:30	14:30-16:00	16:30-18:00
Location	PARALLEL PAPER SESSIONS	SYMPOSIUMS	PARALLEL PAPER SESSIONS	SPECIAL CALLS
Aula AD-101	1.1. Climate Change and sustainability - Changing human behavior (C)	SY.1-1-Understanding everyday circularity: behaviours and contextual change.	SY. 2-5-Psychological benefits of positive soundscapes	SA.1 Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocks
Aula AD-102	1.2. Food consumption, sustainable diets & planetary health	SY. 1-3-Sustainable future: the role and perspectives of agribusiness supply-chain actors.	1.9. Risks and hazards: Plastics and Microplastics	SA.2 Climatic Shelters
Aula AD-103	1.3. Green lifestyle & consumption (A)	SY. 2-1-Restorative environments (REN I).	2.5. Environmental Sensoriality and Its Psychological Impact	SA.3 Urban renewal and Participation
Aula AD-104	1.8. Risks and hazards: Floods & Coast	SY. 2-6-Indoor and Outdoor School Environment Impact on Students' Cognition, Affect, Socialization, and Well-Being.	2.6. Safety in Urban Environments: Lighting, Perception, and Design	SA.5 Rural-urban migrations. Social dynamics and urban development
Aula AD-201	2.2. Restorative environments	SY. 6-1 History of Environmental Psychology	2.16. Leisure spaces: Museums, nature and historic heritage	SA.6 Strategies for community involvement and environmental volunteers
Aula AD-202	2.3. Biophilia: Human-Nature Interactions and Perceptions	SA.14 - International and global research for sustainability transitions: a cross-disciplinary approach.	3.3. Justice, social equity, local knowledge and transdisciplinarity in environmental decision-making	SA.8 Virtual reality, AI & Environment
Aula AD-203	2.4. Environmental Impacts on Health and Well-being Across Lifespan		4.3. Meanings of place	SA.10 Architect-Client Relations. Top down, bottom-up design and evaluation strategies.
Aula AD-206	6.1. Communication, representation and social construction of reality		5.2. Cycling & Walkability	SA.12 Introducing sustainability to university training and management
Aula AD-303			6.3. Uncertainties of science, ecoanxiety and solastalgia	SA.13 - Physical space of the workplace, health and burnout

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

GENERAL TIMETABLE

THURSDAY 4TH JULY				
Plenary Session 3: “Process, Experience and Flexibility: The Shift in Public Space Construction in Contemporary China” by Prof. Si-Min Bian, Architect. School of Landscape Architecture, Beijing Forestry University, China University of Barcelona, Faculty of Law, Aula Magna, 12:30h – Streaming Classrooms 1 & 2				
	9:00-10:30	11:00-12:30	14:30-16:00	16:30-18:00
Location	PARALLEL PAPER SESSIONS	SYMPOSIUMS	PARALLEL PAPER SESSIONS	SPECIAL CALLS
Aula AD-101	1.4. Designing built and natural environments	SY.1-2-Contextual drivers for sustainable behaviours: Social-psychological research and interventions to promote sustainability	1.6. Policy Pathways, Strategies and Trust in Institutions	SA.4 - Nature Based Solutions (NBS)
Aula AD-102	1.5. Energy production and consumption	SY. 1-4-Psychological well-being in the local landscape of changing climate and biodiversity	1.7. Risks and hazards: Heatwaves	SA.7- Transdisciplinary Advancing Capacity for Climate and Environment
Aula AD-103	2.7. Greening the City: Sustainable Practices, Perceptions, and Policies	SY. 2-2-Research from the Restorative Environments Network: the role of gender, race, and other person-factors (REN II)	2.8. Human-Nature relationship: Enhancing Well-being, Resilience, and Equity	SA.9 Risk, Risk Perception, Flooding And Coastal Phenomena
Aula AD-104	2.10. Impact of Natural and Build Environments on Health	SY. 2-3-Green infrastructure and urban greening: the intersection of ecological benefits, social impacts, governance and environmental justice	2.11. Social Transformation in Urban Environments	SA.11 – Ecoanxiety, Health effects of Contact with Nature
Aula AD-201	3.6. Participatory approaches, risk management and environmental decision-making	SY. 2-4-Big City Life: a multi-disciplinary lens to investigate people-place relationships in urban contexts	3.4. Environmental justice in residential areas, green spaces and renewable energy issues	SA.15 - Sustainable lifestyles, biodiversity and health.
Aula AD-202	4.4. Reshaping places	SY. 3-1 Fostering socially innovative & empowered energy transitions to sustainability	3.5. Participatory design, co-design and well-being	SA.16 - Communication and communication management
Aula AD-203	5.3. Modal choice & sustainable mobility	SY. 4-1-Place dispossession: micropolitical approaches to spatial injustice in neoliberal times.	4.6. Methods and empirical approaches to place	SY. 4-3-Overcoming physical, social and psychological barriers to enhanced engagement with urban nature: Experiences from the GoGreenRoutes Project
Aula AD-206			SY. 4-2-Environmental Psychology and Ethical-Political Suffering: Struggles for Territory in Latin America	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities” GENERAL TIMETABLE

FRIDAY 5TH JULY

Plenary Session 4: “Critical visions for a positive – Actions” by *Antonio Turiel, Physicist. Institute of Marine Sciences-CSIC, Barcelona (10:30h)*

Plenary Session 5: “The Trouble with Placemaking.” by *Tim Cresswell, Geographer. University of Edinburgh (12:30h)*

University of Barcelona, Faculty of Law, Aula Magna - Streaming Classrooms 1 & 2

	9:00-10:00	10:30-11:30	11:30-12:30	12:30-13:30
Location	PARALLEL PAPER SESSIONS	PLENARY SESSION	PLENARY SESSION	CLOSING CEREMONY
Aula AD-101	SY. 6-2-Epistemology	Plenary Session 4: “Critical visions for a positive – Actions” <i>by Antonio Turiel, Institute of Marine Sciences - The Spanish National Research Council (CSIC), Barcelona</i>	IAPS Annual General Meeting	Plenary Session 5: Closing keynote: “Mobility and Local Governance: Addressing Climate Change Challenges” by <i>Tim Cresswell, University of Edinburgh</i> Evaluation and Implications of Conference Contributions: 1. Adina Dimitru, IAPS President, Members of the Organizing and Scientific Committees 2. Representatives from Club of Rome, Greenpeace, and other supporting organizations or companies IAPS Early Career Researchers Awards Farewell and next IAPS Conference: <i>Enric Pol, Angela Castrechini, Adina Dumitru</i>
Aula AD-102	1.3. Green lifestyle & consumption (B)			
Aula AD-103	1.10. Protecting nature			
Aula AD-104	2.9. Nature Exposure Benefits			
Aula AD-201	2.12. Innovative Approaches to Environmental Design and Perception			
Aula AD-202	2.15. Nature exposure, mental health and well-being			
Aula AD-203	4.5. Power, politics and people-place relations			
Aula AD-206	5.4. Urban Mobility: Public Transport and Community Engagement			
Aula AD-303	6.2. Sources of information, credibility and communication management			

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

SYMPOSIA (SY)		
TOPIC 1: CLIMATE CHANGE AND SUSTAINABILITY - CHANGING HUMAN BEHAVIOR		
03-jul	SY.1-1-Understanding everyday circularity: behaviours and contextual change	
11:00-12:30	Covener:	Tony Craig
AD-101	Alice Hague	Being circular in a linear economy: perspectives from practitioners
	Altamash Bashir	Consumer behavioral plasticity in the circular economy across diverse geographical regions
	Jianyu Chen	Social representations of everyday circularity: for a better understanding of ideas and practices related to circular economy
	Kathryn Colley	Conceptualising everyday circularity and behaviour change for the circular economy
	Patrick Elf	Towards circular consumer and business behaviours: advancing the circular economy by bridging the business-customer divide.
	Tony Craig	Modelling antecedents to circular behaviours: an empirically grounded approach using psychological values
	Wouter Poortinga	Circular economy in the community: a qualitative study into sustainable models for repair and reuse hubs in Wales
04-jul	SY.1-2-Contextual drivers for sustainable behaviours: Social-psychological research and interventions to promote sustainability	
11:00-12:30	Covener:	Mauro Bertolotti
Aula AD-101	Alessandro Milani	Who accepts and why do people accept (or refuse) sustainable (mitigation and adaptation) energy technologies? Understanding the role of beliefs and attitudes through multiple approaches
	Mauro Bertolotti	Are individual differences the key to unlock sustainable individual behaviour? The effects of message framing in personalised communication
	Patrizia Catellani	Environmental messages to promote sustainable seafood choices: An exploratory mobile app intervention
	Alessandro Milani	The Normative Influence in Corporate Environmental Responsibility: Creating a Sense of Organizational Belonging in Promoting Pro-Environmental Attitudes
	Mirella de Falco	Cultivating shared ownership: Empowering communities for agrivoltaics adoption in Italy
03-jul	SY. 1-3-Sustainable future: the role and perspectives of agribusiness supply-chain actors	
11:00-12:30	Coveners:	Valentina Maria Merlino & Patrizia Catellani
AD-102	Alessandro Sciuillo	Defining and purchasing Local Products: individual profiles and eating styles

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Giulia Mastromonaco	From shelves to consumer: the scenario of plant-based beverage in the Italian market
	Antonina Sparacino	Sustainable choices in a globalized agri-food market: consumer preferences and certification impact on avocado and banana consumption
	Chiara Costamagna	Mountain animal production: from an ancient breeding practice to sustainable food for new consumption styles. Socio-cultural assessment of hikers' behavior through the study of ecosystem services.
	Giovanna Sacchi	Exploring the nexus of circular economy practices in consumers' food coops: a theoretical contribution
04-jul	SY. 1-4-Psychological well-being in the local landscape of changing climate and biodiversity	
11:00-12:30	Covener:	Maria Johansson
Aula AD-102	Cecilia Stenfors	The role of greenspace qualities at the nexus of human health and environmental sustainability and resilience to climate change and biodiversity loss
	Hanna Andersson	Barriers and enablers to engaging in urban greening - reviewing climate policies in five cities across Europe
	Marlis Wullenkord	Talk it out: Coping with climate change and biodiversity loss in private-sphere conversations
	Walter Osika	New Approaches to Addressing Climate Change and Biodiversity Loss: A Study on trainable/modifiable determinants of Pro-Environmental Attitudes and Behaviour
	TOPIC 2: NATURAL AND URBAN ENVIRONMENTS – THE TRANSITIONS OF CITIES	
03-jul	SY. 2-1-Restorative environments (REN I)	
11:00-12:30	Covener:	Marilisa Herchet
Aula AD-103	Dovile Barauskaite	To Be Good Enough: The Positive Effects of Nature on Body Image Perceptions and (Consumer) Decision Making
	Eleanor Ratcliffe	Favourite outdoor places in the UK and Finland: relationships between place type, features, and restoration outcomes
	Melissa Marselle	The effect of forest biodiversity on short-term mental health and well-being
	Topaz Shrestha	The Natural World Around Me: A Qualitative exploration of young people's environmental perceptions and relationship to nature. Symposium 'Restorative Environments (REN I)'
	Yannick Joye	A choice experiment into the reward value of viewing natural environments
04-jul	SY. 2-2-Research from the Restorative Environments Network: the role of gender, race, and other person-factors (REN II)	
11:00-12:30	Covener:	Anna Bornioli
Aula AD-103	Anna Bornioli	The role of gender and other person-factors in restorative environments research: a research agenda

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Birgitta Gatersleben	Gender, fear and restoration in nature
	Everly Jazi	Marginalized Community Members' Views of Nature and Mental Health Equity
	Giulio Faccenda	The consequences of gender-environment fit on well-being, gender role norms, and environmental behaviors in gendered urban spaces
	Thomas Morton	Social meanings shape the perception of restorative environments
04-jul	SY. 2-3-Green infrastructure and urban greening: the intersection of ecological benefits, social impacts, governance and environmental justice	
11:00-12:30	Covener:	Hien Pham
Aula AD-104	Charlotte Lemieux	Neighbourhood-Level Changes to Active Travel Behaviour Relative to New Green Space, Active Travel Infrastructure, and Gentrification
	François Bérubé	Reducing our ecological footprints and greening the city: what is the coherence between pro-environmental behaviour and citizen involvement in green infrastructure in Quebec?
	Lisa Abou Rjeily	Governance, uses and perception of green alleys: A comparative analysis of projects implemented in Montreal, Quebec City and Trois-Rivières, Canada
04-jul	SY. 2-4-Big City Life: a multi-disciplinary lens to investigate people-place relationships in urban contexts	
11:00-12:30	Coveners:	Oriana Mosca and Marco Boffi
Aula AD-201	Marco Boffi	exp-EIA: a mobile app for a participatory approach to urban design
	Oriana Mosca	Is it better to journey together or alone? Walklet: a territorial game to promote positive people/place relationships in the Is Mirrionis neighborhood (Cagliari, Sardinia).
	Silvana Mula	Biophilia in the Molentargius-Saline Regional Park: attitudes and social representations of pink flamingos
	Oriana Mosca	Assessing urban walkability through Walking Focus Group Approach: a Proof of Concept
	Nicola Rainisio	Is street art an effective tool for urban regeneration? A psycho-social longitudinal analysis on a changing neighborhood in Milan (Italy).
03-jul	SY. 2-5-Psychological benefits of positive soundscapes	
14:30-16:00	Covener:	Sarah Payne
Aula AD-101	George Murrell	Links between soundscapes, psychological restoration, and pro-environmental behaviour intentions.
	Jake Benfield	Do anthropogenic sounds diminish stress recovery? A laboratory test of U.S. National Park soundscapes
	Jivantika Satyarthi	Creating positive, nature-induced soundscapes in urban residential neighbourhoods via Sustainable Drainage Systems

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Konrad Uebel	Restorative perceptions of natural soundscapes: Relationships with acoustic complexity and anthropogenic noise
	Sarah Payne	Encouraging children’s connection to nature via listening to their everyday external soundscapes
	Yasushi Suko	A positive feedback loop vs. diminishing returns: Two factors may affect the self-reported restorative effects of repeated listening to natural sounds
03-jul	SY. 2-6-Indoor and Outdoor School Environment Impact on Students’ Cognition, Affect, Socialization, and Well-Being	
11:00-12:30	<i>Covener:</i>	<i>Marino Bonaiuto</i>
AD-201	Ferdinando Fornara	Outdoor green vs. indoor school activities: differences in teachers’ psychological responses
	Giulia Vettori	The relation between indoor classroom acoustics, children’s well-being and learning. The results of an interdisciplinary research-intervention project
	Lucia Mason	Green and Gray: Students’ Benefits of School Lessons in a Natural Environment
	Marino Bonaiuto	Impact of outdoor school-based nature education programs on environmental literacy, identity and well-Being: examples from preliminary data on secondary school students
	TOPIC 3: PARTICIPATION, CITIZENSHIP AND ENVIRONMENTAL JUSTICE	
04-jul	SY. 3-1 Fostering socially innovative & empowered energy transitions to sustainability	
11:00-12:30	<i>Coveners:</i>	<i>Adina Dumitru & Christian Klöckner</i>
Aula AD-202	Jennifer Senick	Data and Simulation Tools for Community Energy Planning Processes: How does a local community chart a path towards building decarbonization if baseline data for existing conditions do not exist?
	Luisa Losada Puente	Citizen empowerment and community engagement through energy communities
	Adina Dumitru	Psychological factors and processes influencing social acceptability of social innovations in energy transitions
	Bozana Vrhovac	Participatory Visioning For Energy Transition
	Christian Klöckner	On the cultural sensitivity of psychological interventions to increase energy efficiency of households
	TOPIC 4: PLACE ATTACHMENT - SPACE, GENDER AND POST-COLONIALISM	
04-jul	SY. 4-1-Place dispossession: micropolitical approaches to spatial injustice in neoliberal times	
11:00-12:30	<i>Covener:</i>	<i>Andrés Di Masso</i>
Aula AD-203	Cristina Pradillo-Caimari	Opposing residential dispossession: How housing struggles affect people-place bonds?

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Hector Berroeta	Subjective Dynamics of Place Dispossession Due to Urban Deterioration
	Laia Aleu Barnadas	"Ultimately, we all want the experience of moving to the city": Navigating the boundaries between choosing to leave and place dispossession
	Raúl Solano	Collective action frames of the housing movement in Barcelona: politicizing sense of place
	Valeria Santoro Lamelas	Neoliberal health and its implications in place dispossession dynamics in gentrified spaces
04-jul	SY. 4-2-Environmental Psychology and Ethical-Political Suffering: Struggles for Territory in Latin America	
14:30-16:00	Covener:	Catalina Ramírez
Aula AD-206	Laís Pinto de Carvalho	“Comadreando” in the face of dispossession: Exploring the relations between home, body, and territory of Chaitenian women
	Catalina Ramírez	Psychosocial implications of homemaking process in public space: the experience of homeless people
	Helga von Breyman	Discrimination experiences linked to the production of Public Housing in Costa Rica
	Catalina Ramírez	Territorialities in conflict: ethical-political suffering in struggles for artisanal fishing territory on the Brazilian coast
04-jul	SY. 4-3-Overcoming physical, social and psychological barriers to enhanced engagement with urban nature: Experiences from the GoGreenRoutes Project	
16:30-18:00	Covener:	Cassandra Murphy
Aula AD-203	Cassandra Murphy	The development of a nature relationship scale - Using a Modified-Delphi methodology
	Evelise Pereira Barboza	Green spaces as urban assets for health promotion and health equity
	Giovanna Calogiuri	Reconnecting citizens to nature through virtual reality: viability of the GoGreenRoutes’ Virtual Reality Experiential Showcase
	María Fernandez de Osso Fuentes	A place branding approach to digital placemaking for nature and wellbeing through a modified Delphi.
03-jul	SY. 6-1 History of Environmental Psychology	
11:00-12:30	Covener:	Enric Pol
	Juniors:	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

Aula AD-201	Kevin Clementi (Italy-France)	PhD in Strasbourg, Université de Haute-Alsace, Laboratoire SAGE
	Ruth Barankevich (USA)	PhD student at University of California-Irvine. Interface of Environmental Psychology and Social Ecology.
	Amanda Gabriel (Sweden-UK)	Postdoc, Swedish University of Agricultural Sciences. Visiting Researcher at University of Surrey
	Seniors:	
	Hartmut Günther (Brazil & Germany)	University of Brasilia
	David Uzzell (UK)	University of Surrey
	Dan Stokols (USA)	University of California-Irvine
	Row 0: Andrés Di Masso, Lynne C. Manzo, Emma Thornberg, Elena Slominski.	
05-jul	SY. 6-2 Epistemology	
9:00-10:00	Covener:	Andrés Di Masso
AD-303	Lynne C. Manzo	"Environmental psychologist, professor in the Department of Landscape Architecture at the University of Washington, Seattle
	Emma Thornberg	Literature review of environmental sustainability
	Elena Slominski	University of California-Irvine
	Row 0: Kevin Clementi (Italy-France); Ruth Barankevich (USA); Amanda Gabriel (Sweden-UK); Hartmut Günther (Brazil & Germany); David Uzzell (UK); Dan Stokols (USA); Enric Pol (Spain)	

	SPECIAL ACTIVITIES (SA): Symposiums on...	
	SC1: Special Call-1 – International Transdisciplinary Research	
	SC2: Special Call-2 – Applied research and urban projects. Comparing experiences and effects.	
03-jul	SA.1 Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocks	
16:30-18:00	Institutional Participation:	
SC2, Topic 2	Jaume Barnades, BCN City Council. Street pacification and Tactical Urbanism. Pacification of streets, green axes, superblocks and green inside blocs. Barcelona experiences	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

Aula AD-101	Angel Martin Cojo, prof Architecture, La Salle. University Ramon Llull, as a defending neighbor of the superblocks	
	Critics and non-favorable neighborhood representative (pending)	
	Received Proposals	
	Pablo Villar	The impact of proximity to amenities on housing affordability. Insights from Mediterranean 15-minute cities. (Effects on Price & gentrification. Comparison BCN-Valencia Palma and Granada)
	Oriol Marquet	The Superblock Effect: Urban Design and its Electoral Repercussions in Barcelona
	Samuel Nel-lo	Too many cars versus too many people? Examining residents' views of Barcelona's new pedestrian green axes. (N=1200 habitants Eixample. 2023)
	Brendan Stewart	Paradise in a Parking Lot: unlocking the vibrancy of the suburban public realm through pop-up gathering places.
03-jul	SA.2 Climatic Shelters	
16:30-18:00	Institutional Participation:	
SC2, Topic 2	Irma Ventayol, Director climate change office, Barcelona City Council. Barcelona's program. Climatic Shelters, at 5 minutes walking	
Aula AD-102	Received Proposals:	
	Ruth Rae	Green Sustainable Cities: Principles, Practices and Policies.
	Lena Lehrer	Blossoming Resilience – Exploring the perception and function of green spaces during heat waves in Germany.
	Kimberly Doell	The Manylabs Climate Collaboration: Testing the efficacy of 11 behavioral interventions to promote climate action in 63 countries
03-jul	SA.3 Urban renewal and Participation	
16:30-18:00	Institutional Participation:	
SC2, Topic 3	Toni Martinez. Environmental Technic at l'Hospitalet City Council. Barcelona Metropolitan Area-AMB Experiences of participation in a socially and culturally complex city	
Aula AD-103	Ruben D. Fernández & Moisés Carmona. Coop ETCS (Sustainable Community Transformation Strategies) & University of Barcelona. Communitarian participation in urban renewal. Experiences in Torre Baró and Nou Barris	
	Received Proposals:	
	Seungkwang Shon	Scenario study for DB and GIS construction and remodeling of old apartments (For local governments in Korea, Gwangju Metropolitan City)
	Aura Hernandez	Experimentation of a Participatory Methodology for Change Facilitation in Co-producing Public Spaces Among Elected Officials, Technicians, and Citizens of the City of Miramas for Climate Change Resilience.
	Laura Benitez	Transforming cities: citizen participation in urban planning

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Adriana Portella	Urban walkgraphies in the confines of South America: creating clues for public policies with traditional communities that inhabit the margins of cities in Brazil and Argentina (municipalities of Pelotas, Marabá, and Comodoro Rivadavia.)
04-jul	SA.4 - Nature Based Solutions (NBS)	
16:30-18:00	Ferdinando Fornara. Coordinator. University of Cagliari, Italy. The "Coevolvers" project approach to nature-based solutions. A transdisciplinary and transnational Project. An international program.	
SC1, Topic 2	Presenters:	
Aula AD-101	Ann Ojala	Nature-Based Solutions: mapping the affordances in the Living Labs
	Himansu Mishra	Nature-Based Solutions challenges and implementation in different European countries: the experience of Living Labs
	Tomáš Szabo	Assessing the Socio-politics of Nature-Based Solutions: first results from interviews, survey, and Role Board Game
	Leanne Townsend	Actionable knowledge for transformative Nature-Based Solutions
	Luca Francko	
03-jul	SA5. Rural-urban migrations. Social dynamics and urban development	
16:30-18:00	<i>Institutional Participation:</i>	
SC2, Topic 2	Amaia Celaya. UN-IOM International Organization for Migration. & European Commission	
Aula AD-104	Tomeu Vidal, Xavier Salas et al. POLIS Research Center. University of Barcelona. Co designing public spaces at the Baró de Viver neighbourhood, Barcelona	
	<i>Received Proposals:</i>	
	Supporting Sustainable Urban Transformation in Cambodia: The Build4People Project:	
	Jan-Peter Mund	Citizen Science APP: Improving the Urban Quality of life in Phnom Penh
	Anke Bloebaum	A survey on Urban Quality of life in Phnom Penh
	Michael Waibel	Ecocity Transition Lab Series: an participatory planning tool
	Alexandra Ivanova. HSE University (Russia); Ekaterina Zabelina Chelyabinsk State University. Danila Valko. The South Ural University of Technology. Ekaterina Nikolaeva. Chelyabinsk State University The Impact of Environmental Satisfaction and Place Attachment on Migration Intentions: A Case Study of the Polluted Region (Chelyabinsk, Russia)	
03 jul	SA.6. Strategies for community involvement and environmental voluntiers	
16:30-18:00	<i>Institutional Participation:</i>	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Sandra Bernal Piñera. Technical Office for Environmental Education and Promotion. Barcelona Provincial Council. Environmental Education Program: “Let's read the river”	
SC2, Topic 3	Received Proposals:	
Aula AD-201	Marta Benages	Evolving life experiences and underlying psychological drivers throughout life stages of environmental volunteers.
	Erica Löfström	A stepwise methodology to join and support neighborhoods’ engagement and interest in climate change related processes
	Christina Barz	Group Identity, Group Emotions, and Group Efficacy Beliefs in Collective Environmental Action: A Scoping Review
	Tânia R. Santos	Youth climate activism in the Portuguese countryside: continuities and discontinuities in claims and performances of the movement
	Marius Fankhauser	Because it is ours: The impact of public participation on collective ownership and acceptance of local river restorations
04-jul	SA.7- Transdisciplinary Advancing Capacity for Climate and Environment	
16:30-18:00	Institutional Participation:	
SC1, Topic 1	Row 0: Arnau Querat. (Heat of Advisory Board Sustainable Development, Catalan Government)- Rosina Gironés, Hub de Sustainability - UB	
Aula AD-102	Presenters:	
	Reflections on (co-)producing, exchanging and using environmental social science knowledges across transdisciplinary contexts: Panel discussion hosted by ACCESS. (Advancing Capacity for Climate and Environment Social Science). A UK Project.	
	Sarah Golding	School of Psychology, University of Surrey
	George Warren	School of Psychology, University of Surrey
	Clare Twigger-Ross	Eunomia
	Birgitta Gatersleben	School of Psychology, University of Surrey
03-jul	SA.8 Virtual reality, AI & Environment	
16:30-18:00	Institutional Contribution	
SC2, Topic 2	Macià Buades-Rotger. Neurosciences Institut. Faculty of Psychology. UB Brenda Ryan. Neurosciences Institute. UB	
Aula AD-202	Received Proposals:	
	Olivia McAnirlin	Reimagining end-of-life care: A co-creation odyssey into authentically personalizing virtual nature experiences for transformative farewells to loved places

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Tuomas Kari	Virtual nature environments in promoting psychological stress recovery: A comparison between three different technologies for delivering virtual nature
	ZHENXING HONG	Empowering Collective Housing with Artificial Intelligence: The Future of Collective Living
04-jul	SA.9 Risk, Risk Perception, Flooding And Coastal Phenomena	
16:30-18:00	Institutional Participation:	
SC2, Topic 6	María Carme Llasat Botija. Member of CADS (Advisory Board Sustainable Development, Catalan Government) Department of Applied Physics. University of Barcelona. Climate change and coastal risks in Mediterranean Region	
Aula AD-103	Josep Hurtado Diaz Coastal Office of Coastal, Climate Change and Sustainability. Barcelona City Council. Anna Majó & Martí Andreu Cruellas BCN-Activa. Barcelona City Council. Resilience, environmental sustainability, social sustainability, blue economy. A comprehensive explanation of Barcelona's bet.	
	Received Proposals:	
	Alexandra Schleyer	Science–Policy interaction for coastal adaptation and management: is it a match?
	Elsa Giffard	Barriers and drivers to social acceptance of Nature-based Solutions for coastal risk adaptation in Catalonia
	Matt Browning	Leveraging Virtual Reality for Storm Surge Risk Education: Findings from Two Studies in the Southeast U.S.
	Mathew White	“It’s the environment stupid!”: Protecting the marine environment is now more important to citizens across 14 European countries than promoting economic growth
03 Jul	SA.10 Architect-Client Relations. Top down, bottom-up design and evaluation strategies.	
16:30-18:00	Institutional Participation:	
SA2, Topic 2	Arturo Frediani Sarfati. <i>Rovira i Virgili University. Prof at ETS Architecture.</i> COAC- The Architects’ Association of Catalonia	
Aula AD-203	Julia Beltran – Co-founder of Voltes. Participative Coop. on Architecture. PhD Architect. Professor at School of Architecture-UPC Polytechnic University of Catalonia. COLLABORATIVE PRACTICES WITHIN AND BEYOND THE DISCIPLINE OF ARCHITECTURE	
	Jordi Ros. UPC vice-chancellor. Former director of School of Architecture-UPC Polytechnic University of Catalonia	
	Ricardo Devesa. Prof School of Architect. La Salle-University Ramon Llull	
	Karmele Herranz. Env. Psico. Tecnalia-BRTA Basque Alliance for urban and technological Research & Development. Donosti-San Sebastian	
	Received Proposals:	
	Jingyi Mu; Junnan Jiao; Xintong Guo; Mengyao Sun; Junwan Xu; & Jingxian Chen. School of Architecture, Harbin Institute of Technology; Key Laboratory of Cold Region Urban and Rural Human Settlement Environment Science and Technology, Ministry of Industry and Information Technology. China	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	The impact of commercial intervention based on intergenerational differences on sustainable development and residents' satisfaction in China's old communities.	
04-jul	SA.11 – Ecoanxiety, Health effects of Contact with Nature	
16:30-18:00	Institutional Participation:	
SC1, Topic 6	Pilar Vendrell. Department of Climate Action, Food and Rural Agenda. Catalan Government. Health and Nature Program of the Catalan Strategy for Natural Heritage and Biodiversity.	
Aula AD-104	David Gallardo & Jordi Renom. Neurosciences Intitut. University of Barcelona. Blue Therapies	
	Montse Subirana. PhD. Prof Psychology at University of Barcelona & Open University of Catalonia. A professional project developed for the Berguedà Development Agency (Regional Administration). FEDER Fund Interregional Program Spain-France-Andorra (POCTEFA 2014-2020) Contributing to mental wellbeing and generation of nature-based sustainable interactions through historical paths in the Pyrenees. The Melhorament at Camí dels Bons Homes (The Goodmen Trail)	
	Received Proposals:	
	Marie-Laure Parmentier	Nature Connectedness, Eco-Anxiety and Pro-Environmental Engagement: Unraveling Patterns in the General Population and Urban Forest Planting Participants
	Elena Slominski	Mapping the transition to climate-smart healthcare: A geospatial analysis of green hospitals
	Valeria Vitale	Review of Psychological Parameters as Certification Criteria for Health Parks: Preliminary Experimental Study on Selected Indicators
03 Jul	SA.12 Introducing sustainability to university training and management	
16:30-18:00	Xavier Gabarrell – Vice de Campus i Sostenibilitat UAB UAB politics and strategies	
SC2, Topic 1	Teresa Sauras - Vicerectora de Sostenibilitat y Acción Climática – UB UB politics and strategies	
Aula AD-206	Eva Vidal – Rector delegate. Vice chancellor of Social Responsibility and Equality - UPC UPC politics and strategies	
	Karine Weiss. University of Nîmes. France's policy for the introduction of Sustainability in academic training and university management	
	Robert Marans. University of Michigan USA The Sustainability Cultural Indicators Program at The University of Michigan: An Overview and Future Directions	
03-jul	SA.13 - Physical space of the workplace, health, and burnout	
16:30-18:00	Institutional Participation:	
SC 2, Topic 2	Maria José Martí González. Catalan Government. Criteria applied in the creation of a new area of administrative offices of the government. Implications of the combination of face-to-face work and telework.	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

Aula AD-303	Mar Farre & Manel Bestraten. MIESES Global (non-profit association). Optimizing the workplace and sustainability on companies. Reconnecting work with nature	
	Received Proposals:	
	Clara Weber	The Impact of Sensory Processing on Office Workers' Well-being, Burnout Symptoms, and Satisfaction in Diverse Office Environments
	Shokatsu Chen	Influence of other user's presence in the office lounge with the natural environment
	Susanna Toivanen.	Green Walls at Workplaces: Key Considerations for Implementation – A Pilot Study indoor air-purifying green walls
	Helia Taheri & Shreya Somani	KPI-Driven Design: A Tool for Designers to Improve Key Performance Indicators in Post-Covid Workplace Design
03-jul	SA.14 - International and global research for sustainability transitions: a cross-disciplinary approach	
SC1, Topic 1	Ricardo Garcia Mira, (Coordinator). University of A Corunha	
11:00-12:30	Necessity of trans-disciplinary collaborations between social and hard sciences. An inter and trans-disciplinary dialogues for the co-production of knowledge, and the introduction of changes in governance.	
Aula AD-202	Nora Räthzel	Dilemmas and perspectives of trade union environmental policies in the global north and south
	David Uzzell.	Labour's Hidden Soul: Religion at the Intersection of Labour and the Environment
	Ricardo García Mira	Activating sustainable lifestyles: a space and time approach: The GLAMURS project.
	Gary Polhill	High-performance computing meets the social sciences: simulating everyday lives during district regeneration in Stockholm for the SMARTEES project
	Zulmira Bomfim	PREFALC - An International Cooperation Experience (France-Brazil-Colombia)
	Adriana Portella.	Place-Making with Older People, Towards Age Friendly Communities: The PLACEAGE Brazil Project
	Nachatter Singh	Changes, Challenges and Coping Strategies in the thirteen coal- and carbon-intensive regions in different EU Countries.
04-jul	SA.15 - Sustainable lifestyles, biodiversity and health.	
16:30-18:00	Adina Dumitru & Nadja Kabisch (Coordinators).	
SC1, Topic 1	Adina Dumitru	Motivations, formative experiences and health impacts in the adoption of sustainable lifestyles
Aula AD-201	Nadja Kabisch	Zoonosis Emergence across Degraded and Restored Forest Ecosystems - Introducing the EU Horizon Europe Project ZOE
	Giuseppe Carrus	Restorative nature experience for sustainable behavioral change: results of two Italian case studies on support for renewable energy and sustainable lifestyles from the EU-funded “ENCHANT” H2020 and JPI-Solstice “CleanCultures” projects
	Luisa Losada	Adopting 1.5 lifestyles: internal and psychological resources and challenges

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Rupert Legg	The effects of allergic pollen in green space on mental health, behaviour and perceptions
	Outdoor activities:	
	Visit 21. Route through the green centres of the Eixample blocks	
04-jul	SA.16 Communication and communication management	
16:30-18:00	Angela Castrechini (Coordinator). Social Psychology, University of Barcelona	
SC1, Topic 1	Institutional Participation:	
Aula AD-202	Anna Estella. Deputy Director of Information and Promotion of Sustainability at Generalitat de Catalunya. The role of institutions and entities in the right to enjoy and protect nature. Communication and Communication Management	
	Elena Lacort	Barcelona Metropolitan Area (AMB). Communication at Climate Shelters Program
	Lluís Pastor. Professor of Communication Sciences at Blanquerna. University Ramon Llull (URL) & Open University of Catalunya (UOC)	
	Received Proposals:	
	Raquel Bertoldo, Prof Social & Environmental Psychology. Aix-Marseille University. Carbon Capture and Storage as a solution? A discourse analysis of the press in France.	
	Valentina Rizzoli. Department of Communication and Social Research, Sapienza University of Rome. De-CoDe Risk: A Novel Tool for Identifying Climate Change Denial Processes on Social Media	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

PARALEL PAPER SESSIONS		
TOPIC 1. Climate Change and sustainability - Changing human behavior		
02-jul	1.1. Climate Change and sustainability - Changing human behavior (A). Moderator: Christian Klöckner	
9:00-10:30	Abigail Brown	The Role of Immersive Nature Experiences in Adolescents’ Coping with Climate Change
Aula 5	Enrico Cipriani	The Climate Change Perceptual Awareness Scale (CCPAS): A Self-Reported Measure of Awareness of Everyday Effects of Climate Change
	Christian Klöckner	Climate action on the neighbourhood level – how individual and collective intentions to act play out in four European countries
	Chrystal Moore	A review and development of an enhanced carbon footprint calculator to facilitate knowledge of individual carbon emissions and behaviour change
	Boryana Todorova	Individual- and national-level predictors of climate-relevant outcomes: Evidence from 55 countries
02-jul	1.1. Climate Change and sustainability - Changing human behavior (B). Moderator: Maria Ojala	
11:00-12:30	Raynae Dumpfrey	Explaining variations in pro-environmental behaviour: a multi-construct approach
Aula 5	Cristina Gómez Román	Development and Validation of a Metaperception Scale: Beyond Social and Subjective Norms to predict pro-environmental behavior
	Tobias Greitemeyer	Emotional Dynamics in Environmental Decision-Making: The Dominance of Negative Anticipations in Shaping 'Green' Choices
	Tabea Hoffmann	Motivating Environmental Signalling
	Maria Ojala	Young people’s trust in technological solutions to the climate-change problem: Relationships to climate-change engagement and the mediating role of efficacy beliefs
	Radina Stoyanova	Basic Human Values as Predictors of Ecological Beliefs and Solastalgia
03-jul	1.1. Climate Change and sustainability - Changing human behavior (C). Moderator: Jan Urban	
9:00-10:30	Jan Urban	Missing evidence of the causal role of environmental identity in pro-environmental behavior: A meta-analysis
Aula AD-101	María L. Vecina	The General Willingness for Environmental Behavior Scale (GWEBS): a short one-factor measure to connect with the great diversity of pro-environmental behaviors
	Emma Velo	Personal relevance validity as a moderator of motivation in the TRGP model
	Jaana Sorvali	Farmers’ dragons – psychological barriers to pro-environmental behavior in agriculture
	Jia-Yu Chen	Toward a net-zero future: Establishing low-carbon indices for green rural tourism

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Lucie Brelet	Inter-group conflicts in mountain: a mixed-method approach
	Ruth Barankevich	The Intersection of Social Ecology and Environmental Psychology: Environment-Behavior Research in an Era of Urgent Global Dilemmas
03-jul	1.2. Food consumption, sustainable diets & planetary health. Moderator: Hellen Temme	
9:00-10:30	Yu Shuang Gan	Encountering ‘Meat’: Exploring the Social Representation of Alternative Meat in a Visualised Foodscape
Aula AD-102	Cathérine Hartmann & Swen J. Kühne	Serving up Sustainability in the Canteen: Psychological Evaluation of a Culinary Living Lab in a University Canteen.
	Elena Rinallo	Does the use of food-sharing apps impact food waste habits? A psycho-social analysis within the framework of Theory of Planned Behavior and Technology of Acceptance Model.
	Lena Szczepanski	The effect of information-based framing on Germans' attitudes toward and willingness to consume the microbial protein Solein®
	Hellen Temme	Effects of VAT changes on policy acceptance and food consumption in Germany: Two online experiments
	Thabo van Woudenberg	Using Fear Appeals and Collective Efficacy to Promote Plant-Based Alternatives
03-jul	1.3. Green lifestyle & consumption (A). Moderator: Ana Loureiro	
9:00-10:30	Swen J. Kühne	Consumers’ Barriers to Sustainable Actions: A Multi-Language Evaluation of the Dragons of Climate Inaction Psychological Barrier Scale.
Aula AD-103	Ana Loureiro	Be green – Beauty behaviour: sustainable cosmetic use among individual and professionals consumers
	Catarina Possidónio	Consumer-environmental sustainability: Exploring the multi-level challenges of biopolymer commercialization for a greener future
	Marieta Valente	Saving the environment one drop at a time: exploring the determinants of consumer behaviour and intentions towards domestic water saving
	Adéla Plechatá	Relevant Context Boosts Impact of Social Interaction on Identification with Environmentalists, Collective Action and Sustainable Eating
	Nazih Titouani-Mandri	Social representations of bottled and tap water in the French context: An example of themata use
05-jul	1.3. Green lifestyle & consumption (B). Moderator: Isabel Lema	
9:00-10:00	Anna Bosshard	Clothing Repair Workshops to Motivate Behavior Change: A Longitudinal Field Experiment
Aula AD-101	Marketa Braun Kohlova	What ultimate social motives do frugal consumers signal?
	Atar Herziger	The Second-hand Marketplace and Consumer Environmentalism: When Brand Messaging Might Go Wrong

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Isabel Lema Blanco	Youth and Environment. A study on the psychosocial factors that influence sustainable consumption patterns of Spanish youngers.
04-jul	1.4. Designing built and natural environments. Moderator: Adriana Portella	
9:00-10:30	Amalia Banteli	Towards Sustainable Building Design: Integrating Embodied Carbon Considerations in BIM-Enabled Projects: A Socio-Technical Analysis
Aula AD-101	James Simpson	Assessing if and how build environment designers encourage people to engage with pro-environmental behaviours through design interventions
	Elif Aksel	Relationship between Design-Related Elements and Perception of Interiors: The Roles of Natural Stimulation and Visual Connection on Perceived Complexity, Familiarity and Restorativeness of Residential Interiors
	Adriana Portella	Hostile architecture, Aporophobia and the City of Exclusivity
	Eva Leticia Ortiz	City and design: Socio-spatial organization of care
	Hannah Myers	“Why don’t we have windows?” Perceived Effects of Graduate Student Housing Design on Mental Well-Being
04-jul	1.5. Energy production and consumption. Moderator: Giulia De Paolis	
9:00-10:30	Giulia De Paolis	Nudging for Sustainability: Promoting Energy-Saving Behaviors for a Greener Workforce
AULA AD-102	Yimeng Feng	The Impact of Global Climate Change on Typical Residential Energy Consumption in Frigid Cities: A Case Study of Harbin, China
	Pimkamol Mattsson	Building features facilitating behaviour change – a study of default options
	Yechennan Peng	Does the energy crisis triggered household energy-saving measures become habits?
	Carmen Tabernero	Perceived risks and benefits to explain the acceptance of two energy projects: uranium mine vs. offshore wind power
	Zhiwei Li	The Impact of Morphological Elements on the Overall Energy Consumption of Residential Clusters: A Case Study in Shanghai
	Christoph Steinebach	Facing the global climate change challenges: Adaptation, resilience and coping in relation to climate change
04-jul	1.6. Policy Pathways, Strategies and Trust in Institutions. Moderator: Wouter Poortinga	
14:30-16:00	Ewa Duda	Using the Campbell Paradigm to Understand the Role of Institutional Trust in Environmental Policy Support
AULA AD-101	Laura Krumm	The role of personal cost expectations for public policy acceptance in a climate change context
	Yuxuan Liu	Urban Morphological Analysis and ESG Integration: A Data-Driven Approach Leveraging Machine Learning and Architectural Design Paradigms in Metropolitan London

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Mike Medas	Pathways to green transition in a diverse London community
	Wouter Poortinga	Pluralistic ignorance, perceived fairness and effectiveness, and support for Net Zero policies
	Huali Zhang	Assessment of the impacts of the 15-Minute Community Life Circle from a Human-Centric Perspective: A Case Study of Pingliang Road Subdistrict in Shanghai City
	Karine Weiss	Beliefs and climate change skepticism in French lay people
04-jul	1.7. Risks and hazards: Heatwaves. Moderator: Louise King	
14:30-16:00	Mondira Bardhan	Research needs among Global South residents during heat waves: Assessing risk-perception, knowledge, health consequences, and economic losses in Bangladesh
AULA AD-102	Louise King	Heating up at home; public perceptions and experiences of cooling demand in the UK.
	Isabel Loupa Ramos	School children’s risk perception and preparedness: exploring wildfire risk in Portugal
	Christian Oltra	The public’s perception of and concern about heat waves, air pollution and noise in Barcelona
	Sofiia Skipor	Factors of Individual Preparedness for Extreme Weather Events and Natural Hazards: Meta-analyses
	Xiang Xu	Characterizing physical activities patterns in urban open spaces considering heat risks and local climate zones.
03-jul	1.8. Risks and hazards: Floods & Coast. Moderator: Karine Weiss	
9:00-10:30	Sungju Han	Nexus of Sense of Place, Risk Perception, and Adaptive Behaviour: An Application of the “Place-Based Risk Appraisal Model”
AULA AD-104	Teruyuki Isagawa	To what extent are flood risks considered when people in areas close to rivers choose their residential location?
	Alexandra Schleyer-Lindenmann	Studying adaptation to climate change with an interdisciplinary approach. Evidence of territorial inertia on the French Mediterranean coast
	Annalisa Theodorou	The Antecedents of Risk Perception of Natural Hazards: A Meta-Analysis
	Karine Weiss	Improving the warning response model : how do people react to alerts sent on their smartphones in France?
	Amanda Lai	Assessing the Role of Place Identity in Environmental Change: Navigating Adaptation in Flooding Scenarios - A VR-Based Approach
03-jul	1.9. Risks and hazards: Plastics and Microplastics. Moderator: Nina Vaupotič	
14:30-16:00	Nina Vaupotič	From microplastics to underwater noise: Risk perception and policy support for different environmental pollutants across five European countries
AULA AD-102	Anastasia Voronkova	An exploration of waste management behaviour drivers in Indonesia: the role of infrastructure, place attachment, social connections and dimensions of concern about plastic pollution

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Thi Hue	Impacts of No Single-use Plastic Bags Interventions on Reducing Marine Plastic Waste: A Comparative Investigation on Island Communities in Central Vietnam
	Leonie Fian	Eating and drinking microplastics: Predicting people’s risk perception and policy support using a climate change framework
	Kazane Itoi	What (dis)encourages anti-plastic behaviors? Empirical findings from a Japanese consumer survey
05-jul	1.10. Protecting nature. Moderator: Valérie Fontiat	
9:00-10:00	Fointiat Valérie	CONNECTION TO THE SEA: NEW CHALLENGES
AULA AD-102	Désirée Schmid	On the search of a refined personal value typology for environmental psychology
	Adrian Moll Vinuesa & J.A. Corraliza	Perception of Climate Change in Protected Natural Areas of Garajonay and Sierra Espuña
	Zahra Khosravipoor	Health Evaluation Framework and the Relation to Green and Blue Design Intervention

	PARALEL PAPER SESSIONS	
	Topic 2: Natural and urban environments – The transitions of cities	
02-jul	2.1. Restoration and health. Moderator: Luca Laezza	
9:00-10:30	Rose Macaulay	Assessing psychological engagement with nature: a scoping review of experimental studies
AULA 6	Bronislav Farkač	Visual attractiveness of protected European grasslands: Exploring the effects of management practices, perceived restorativeness, perceived naturalness, perceived biodiversity, perceived visual complexity, and provided information.
	Kenji Frohn	Impact of the restorative environment on dental anxiety
	Maricela Irepan-Aguilar & Patricia Ortega	Are simulated restorative environments stress reduction in radiotherapy waiting rooms? The elderly perspective
	Luca Laezza	Comparing psychological and physiological responses to exercise in natural outdoor, urban outdoor and indoor environments
	Martina Bubalo	Nature Exposure's Impact on Mental Health and Pro-Environmental Behavior – An Umbrella Literature Review

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

03-jul	2.2. Restorative environments. Moderator: Freddie Lymeus	
9:00-10:30	Arturo Eduardo Villalpando-Flores	The design of nearby urban nature as a promoter of psychological well-being and sustainable urban behaviors
AULA AD-201	Lewis Elliott	Psychological richness of nature experience
	Rebecca Reece	The presence of people and over-crowding in urban greenspaces: examining the impacts on social connectedness and restoration
	Stine Bekke-Hansen	Enhancing nature connection in restorative and accessible natural environments through app-based instructions – A study protocol
	Camilla Marossi	Validation of the “Perceived Restorativeness at University” Scale (Rest@US)
	Freddie Lymeus	Restoration skills training compared to mere nature contact: Processes and benefits of nature-integrated mindfulness
	Ki Tong	Environmental support for flourishing in older age: an exploration using a personal projects approach
03-jul	2.3. Biophilia: Human-Nature Interactions and Perceptions. Moderator: Pablo Olivos	
9:00-10:30	Tsu-Chin Tseng	Study on Water Stress Tolerance of Shade-tolerant Herbaceous Plants in Taiwan
AULA AD-202	YuYi Chen	Study on the effect of appropriate mowing period on the growth of perennial herbaceous plants.
	Yan Zhou	Harmonizing with Nature: Study on Cultural Landscape Characteristic of Mrauk-U Ancient City, Myanmar
	Pablo Olivos	Emotional landscapes in Mountain Towns: beyond biophilia.
	MARIA HIGUCHI	The Amazonian Forest As A Space Promoting Connection With Nature: A Study With Local Adolescents
03-jul	2.4. Environmental Impacts on Health and Well-being Across Lifespan. Moderator: Amanda Gabriel	
9:00-10:30	Pei-Yi Weng	Aging in Rural: Indoor leisure activities engagement and older adult health during the COVID-19 pandemic
AULA AD-203	Dayse Albuquerque	Observation and identification of natural elements at school environments in the Amazon context
	Shuowen Tseng	The Study on Children’s Play Behaviors in Natural Playground in Taiwan
	Amanda Gabriel	The implications of a snowy landscape for children’s health promoting play in preschool
	Gabriela Zapata-Lancaster	Children as sustainability citizens: perceptions of (dis)comfort and actions to promote healthy and comfortable schools
	Zhe Qin	Research on Accessibility and Social Equity of Elderly Care Facilities: A Case Study of Harbin
03-jul	2.5. Environmental Sensoriality and Its Psychological Impact. Moderator: Maria Johansson	

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

14:30-16:00	Maria Johansson	People’s conceptual environmental appraisals and urban space use in daylight and electric light
AULA AD-103	Fatih Deniz	Understanding indoor scene experiences – Which visual features predict core affect and approach-avoidance responses?
	Jiayi Guo	The Significance of Controlling Spatial Volume in the Performance Design of Indoor Arena
	Alaa Aldoh	Effects of Multi-Sensory Experience of Nature on Affect
	Yuki Oe	Lighting plans of refuges for wide-area disasters in Japan - How to plan for the operation of refuges?
	TAKAYUKI KUMAZAWA	PSYCHOLOGICAL RESPONSES TO REFLECTION OF STREET LIGHTING ON WATER SURFACES IN NIGHTTIME WATERFRONT LANDSCAPES
03-jul	2.6. Safety in Urban Environments: Lighting, Perception, and Design. Moderator: Jim Uttley	
14:30-16:00	Jim Uttley	Does road lighting counter the increased risk of crime after dark?
AULA AD-104	Shahab Gorjimahlabani	PEDESTRIAN REASSURANCE AFTER DARK: A COMPARISON OF REVEALED AND STATED PREFERNECES IN MALE AND FEMALE PEDESTRIANS
	Richard Jedon	Attention and Safety in urban nightscapes: Pedestrian experience of walking in outdoor environments under uniform and non-uniform lighting
	Bálint Balázs	Perception of safety as a feature of the city: A case study in Nyíregyháza, Hungary
	Carolina Machado	Unpacking Urban Insecurity: Exploring the Nexus of Crime, Walkability, and Urban Design in Brasília and Florianópolis
	Trishla Chadha	Urban Spaces and Female Perceptions: Exploring Gendered Spatial Justice and Safety in London
	Yuki Akizuki	Issues Related to Evacuation Exit Door’s Specifications in Japan
04-jul	2.7. Greening the City: Sustainable Practices, Perceptions, and Policies. Moderator: Luisa Lima	
9:00-10:30	Hebba Haddad	Practitioners’ perceptions of challenges to mainstreaming sustainable drainage systems (SuDS)
AULA AD-103	Terry Hartig	Urban Nature: On Definitions and Alternative Futures
	Jannik Wendorff	Localizing Renewables - Designing Sustainable Energy Landscapes
	Adina Cox	Nature play observations and environmental features that support Bio Play
	Luisa Lima	Anxiety meets nature: The role of nature on the relationship between socioeconomic status, anxiety, and well-being
	Filka Sekulova	Greening schoolyards: a key strategy for urban sustainability transition
04-jul	2.8. Human-Nature relationship: Enhancing Well-being, Resilience, and Equity. Moderator: Verónica Sevillano	
14:30-16:00	Julia Egger	Diversity in nature contact in the UK – An intersectional analysis of the MENE survey

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

AULA AD-103	Nathalie Michels	Focus group studies on indoor nature integration: elements, expected benefits and determinants of implementation.
	Seiji Shibata	Examining the Links: Frequency of Nature Experiences, Nature Connectedness, and Perspectives on Nature
	Kathryn Williams	Relational perspectives on human-nature relationships and the role of nature connections in well-being.
	Ann Ojala	Exploring the impact of rewilding urban gardens on human mental health and well-being
	Verónica Sevillano	Competition increases Stereotypical Image of Wolves: Spanish Livestock Farmers' Perception of Wolves
05-jul	2.9. Nature Exposure Benefits. Moderator: Maximilian Steininger	
9:00-10:00	George Murrell	Mapping the Social Benefits of Woodland Creation and Expansion Longitudinally
AULA AD-103	Maximilian Steininger	Nature exposure reduces self-reported acute pain: A systematic review and meta-analysis.
	Rouzbeh Rahai	Neighborhood greenspace, extreme heat exposure, and sleep quality over time among a nationally representative sample of American children
	Tzu-Hsuan Huang	Effects of the proximity and availability of urban blue and green spaces on social capital
04-jul	2.10. Impact of Natural and Build Environments on Health. Moderator: Hande Deniz	
9:00-10:30	Alexandra Bretones	Proximity's Influence on Physical and Mental Health in Barcelona
AULA AD-104	Francesca Tirotto	Indoor air matters: improving home air quality in West London through community engagement
	Hiroko Mizumura	Study on young people's social evaluation and prospects for housing acquisition -Comparative analysis between Japan and Norway-
	Hande Deniz	How Do Choices Impact Employee Stress Levels in ABWs? A Qualitative Study on How Individual Choices Impact Stress in Activity-Based Workplaces.
	Jose Antonio Campos & Patricia Ortega	Impact of home and school on stress experience and executive functioning in scholars
	Rosamaria Mora Montenegro	Between nature, pavement, and student's wellbeing. A comparative case study of high school grounds spatial organization and landcover
	Genell Ebbini	Enhancing Indoor Environmental Quality in Middle Eastern Workplaces: A Comparative Study Using the WELL Building Standard as an Interpretive Framework
04-jul	2.11. Social Transformation in Urban Environments. Moderator: Paula Castro	
14:30-16:00	Paula Castro	Sense of place narratives of residents in neighbourhoods under touristic pressure: Making, entering, and enjoying local socio-cultural worlds
AULA AD-104	Eveliina Dunkel	The relation of sufficiency-oriented lifestyles and the socio-political acceptance of urban land-use changes

“Enacting Transdisciplinary Knowledge: People, Places, Movements and Sustainabilities”

	Mårit Jansson	Residents' relations to local outdoor environments with infill development – the densification of a welfare landscape
	Naoko Kaida	Positive associations of significant local environmental changes perceived by residents and their pro-environmental behaviors in communities and households
	Sigrun Kabisch	Resilient Cities – Resilient Neighbourhoods: Socio-Ecological Challenges at Different Urban Scales
	Fointiat Valérie	SCENARIOS OF FUTURE (PROXIMITY, BUSINESS AS USUAL, LOW CARBON, SMART TERRITORY AND RESILIENCE, ENVIRONMENTAL AND SOCIAL CRISIS): WHAT OUR LIVES AND SOCIETIES COULD LOOK LIKE IN 2050
05-jul	2.12. Innovative Approaches to Environmental Design and Perception. Moderator: Ann Litsmark	
9:00-10:00	Tom Neppl	The Atlas Project: GIS as a Tool to Enhance Landscape Architecture Students' Understanding of Landscape Analysis and Sustainable Design
AULA AD-104	YUN-CHEN CHIU	The Effect of Augmented Reality on the Environmental Interpretation: Learning Outcome, Personal Involvement, and Place Attachment
	Anna Litsmark	Children's perspectives on outdoor lighting in their neighbourhoods after dark
	Yuki Munemasa	Influence of Column Layout in a Museum on the Segmentation of Spatial Cognition
	Clarine van Oel	Design principles in visual communication supporting community engagement for sustainability in Virtual Reality Spaces
02-jul	2.13. Urban design and environment uses. Moderator: Huang Zining	
9:00-10:30	Yuxuan Liu	Who, Where, and Why Do People Stay Outdoor in Housing Blocks? The Human Behaviour in Open Spaces of Housing Areas in Tokyo
AULA 8	Yilin Song	No Bridge is in Vain: An Analysis of the Use and Activities of Urban Bridges and Surroundings
	Huang Zining	Investigation on the Relationship between Urban Streetscape Comprehensive Assessment Model and Urban Mental Health Model - A Case of New York City
	Kenchu Okataku	A Study on the Behaviors of the Asuka Outdoor Bench in Asuka Village, Japan
	Hanting Yu	Research on the Configuration of Community Public Service Facilities under the Residential Tourism Effect—A Case Study of Sanya City in Hainan
